Oh I do quite thank you, ol' Parmesan!

Such a pleasant mood yer in today.

Ah, you know, Miss. Just one of those days I wake up feeling lucky I still got the place.

Always so kind, Evan!

No problem, Ma'am! Hope you have yourself a good day and stay safe!

My man, Evan! Geez dude you haven't shown up in a hot minute and I hear you been spotted hooking up with that menace of a mad magician! THAT the first thing you really do back in the city?

Owed Glisser a date, and uh. . . long story I don't want to talk about.

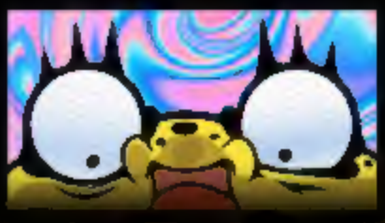
Not yet anyways. Thought running into Topsy was enough bad fortune.

How's the new guy doing? Hope he wasn't too much trouble.

You moldy dunce! Why'd you send poor Toma to the old place to deal with my bro!?

Old place? Wha. . ?

Naw man I gave him the card I always give. . .



OH MY GOD!

How the hell did I. . . Glisser was rushing in and. . .

What terrible. . . luck.

Whoa, settle down! Silly thing's sorted out. It's been a while, so let's catch up over some nice pastries, Evan.

Your pal Toma's been zonked out a whole day. Gave him a place to stay.

Morning, Toma!

Hey, Blot.

After what he went through, the little dude needs rest.

So many rats!

Wow, so you didn't even know what that guy could do? It's pretty wild stuff.

I'm just glad the Book is okay.

Only thing I'm worried for the little guy now is, well, I don't think someone like that can stay out of trouble.

You know about trouble, Prince.

What's on your mind, Toma?

All that chaos that happened and the city's moving on like it was nothin'.

Toons gotta be used to it!

That's not a comforting thought.

It's still not bothering me that I'm trapped here. Blot, I don't know what this feeling is, but just now...

TOMA! Hope ya haven't forgotten about ME!
